

PRESS RELEASE

15 September 2014

CONTRACT SIGNED FOR THE KIATO-RODODAFNI RAILWAY LINE PROJECT

METKA S.A. is pleased to announce the signature of the contract for the project "**Construction of remaining infrastructure, permanent way, signalling-telecommanding, telecommunications and electrical engineering works for the tunnel facilities for the new railway line Kiato-Rododafni**" (Contract no. 715), of ERGA OSE S.A.

The project, with **total budget €273.000.000**, which METKA undertakes with 17,24% average discount on the total budget, is co-funded by the European Regional Development Fund (ERDF), under Priority Axis 2 of the Operational Programme "Accessibility Improvement" of the Greek NSRF 2007-2013, and is scheduled for implementation within 24 months.

For the implementation of the project, **METKA will collaborate with the international company THALES**, global leader in the field of railway signalling and train control, **as well as with the Greek company XANTHAKIS S.A.**, which is specialised in railway track works.

The New Double High-Speed Railway Line KIATO-PATRAS is the extension of the new ATHENS - KORINTHOS - PATRAS New Double High-Speed Railway Line, which will link the Greek capital to Patras, the third largest economic centre of the country.

About METKA

METKA is a leading international contractor for specialized large-scale projects, providing the complete range of Engineering-Procurement-Construction (EPC), and industrial manufacturing group, active within the Energy, Infrastructure and Defence sectors.
