**2 November 2026**

**METLEN ENERGY & METALS PLC**
**("Metlen PLC" or the "Company")**

**Total Voting Rights**

In accordance with the Financial Conduct Authority's Disclosure Guidance and Transparency Rules 5.6.1R and 5.6.1A and Greek Law 3556/2007, the Company notifies the market that, following the share buybacks undertaken up to and including 30 October 2026, the issued share capital and voting rights of Metlen PLC as at 30 October 2026 were as follows:

| Class of share | Total number of shares in circulation | Number of voting rights attached to each share | Total number of voting rights of shares in circulation | Number of shares held in treasury (carrying no voting rights attached until issued) | Total number of shares in issue |
|---|---|---|---|---|---|
| Ordinary (EUR 1.00) | 142,170,770 | 1 | 142,170,770 | 1,255,474 | 143,426,244 |

Therefore, the total voting rights as at 30 October 2026 were 142,170,770. This figure may be used by shareholders as the denominator for the calculations by which they should determine whether they are required to notify their interest in, or a change to their interest in, the Company under the FCA's Disclosure Guidance and Transparency Rules.

**About METLEN Energy & Metals PLC**
METLEN Energy & Metals Plc (METLEN) is an international industrial and energy Company, holding a leading position in the metals and energy sectors, focused on sustainable growth and the circular economy. METLEN has established itself as a benchmark in competitive "green" metallurgy at both European and global level, operating the only fully integrated bauxite, alumina and primary aluminium production unit in the European Union, with privately owned port facilities. In the Energy Sector, METLEN provides integrated energy solutions through the implementation of thermal and renewable power generation projects, electricity distribution and trading, as well as investments in network infrastructure, battery storage and other green technologies. METLEN operates across five continents and in more than 40 countries, employing over 8,500 people worldwide and implementing a fully synergistic model across its Sectors.
